

Extruder Plastic Sheet Machine Plastic Extruded Tubes Plastic Extruder Pvc Profile

Our Product Introduction

for more products please visit us on extrudergranulator.com

Basic Information

- Place of Origin: Nanjing China
- Brand Name: HLD
- Certification: SGS/ISO9001/CE
- Model Number: Custome
- Minimum Order Quantity: 1/set
- Price: face to face /set
- Packaging Details: Bubble wrap/ Wrap film/ Wooden box
- Delivery Time: 30~45 Days
- Payment Terms: T/T,
- Supply Ability: 200~500 set/year

Product Specification

- Screw Design: Twin Screw
- Screw Diameter: Custome
- L/D: 33:1
- Voltage: Customized
- Warranty: 1 Year
- Heater: Customized
- Final Product: Plastic Sheet
- Color: Customized
- Output: Customized
- Plastic Processed: PPS
- Application: Semiconductor Machinery Components
- Highlight: **twin screw plastic sheet extruder, twin screw plastic sheet extrusion machine**

Product Description

Production Overview

Our Extruder Plastic Sheet Machine is a versatile and efficient solution for producing high-quality plastic sheets, extruded tubes, and PVC profiles. This advanced machine is designed for a wide range of plastic processing applications, making it ideal for manufacturing plastic sheets of various sizes and thicknesses, as well as durable extruded tubes for different industries. The compact and reliable plastic small extruder model is engineered to deliver consistent performance and precision, suitable for both small-scale and large-scale production. With its robust construction and user-friendly controls, this machine ensures high productivity and excellent product quality, meeting the diverse needs of the plastic processing industry.

Characteristics

- ◆ High dielectric strength
- ◆ Resistant to hot water and steam
- ◆ Strong and stiff
- ◆ Can be used at elevated temperatures
- ◆ Excellent wear characteristics (bearing grade)
- ◆ Good dimensional stability
- ◆ Low moisture absorption
- ◆ Low thermal expansion
- ◆ Outstanding chemical resistance

Applications

The Extruder Plastic Sheet Machine, Plastic Extruded Tubes, Plastic Small Extruder, and PVC Profile equipment are widely used across various industries.

Packaging Industry: Produces plastic sheets for packaging materials, including protective coverings and containers.

Construction and Building: Creates PVC profiles and plastic sheets for use in construction applications such as window frames, door panels, and wall coverings.

Automotive Industry: Manufactures durable extruded tubes and profiles for automotive components and interior parts.

Electrical and Electronics: Produces plastic extrusions for electrical insulation and electronic component housings.

Consumer Goods: Creates plastic sheets and extrusions for use in household products, toys, and other consumer items.

Industrial Applications: Provides extruded tubes and plastic sheets for industrial uses, including equipment components and protective barriers.

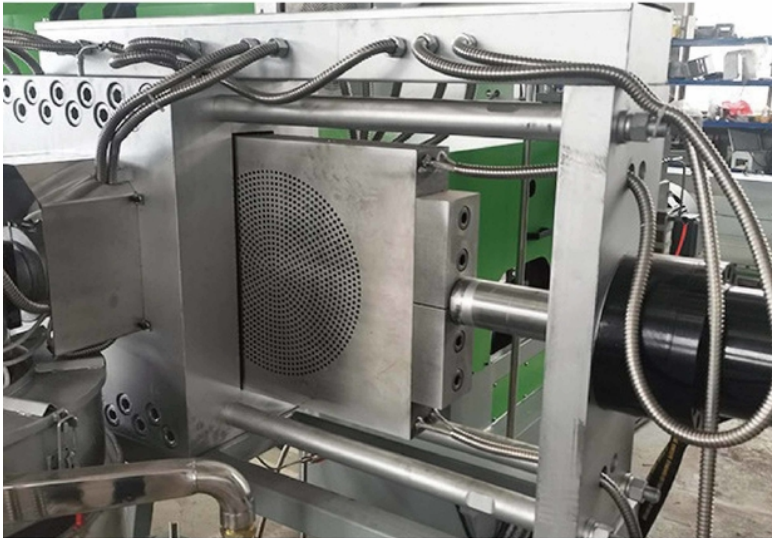

After-Sales Service

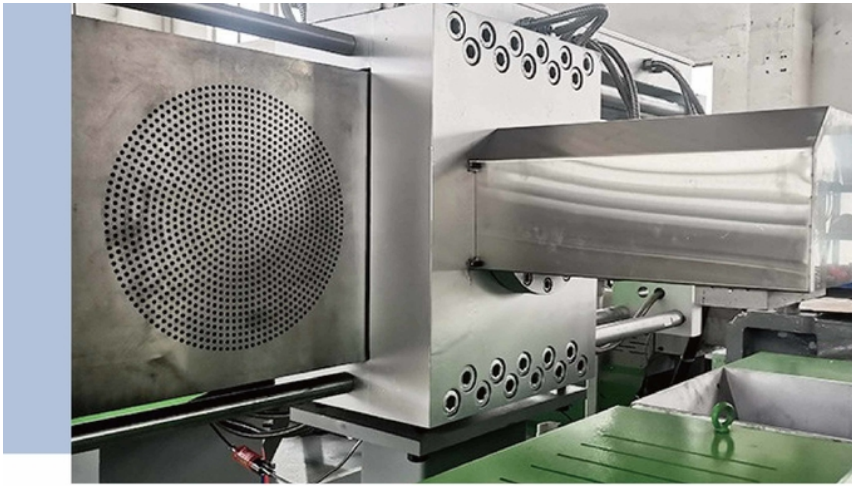

At Nanjing Hengland Machinery Technology Co., Ltd., we are dedicated to delivering exceptional after-sales support to ensure your equipment performs optimally. Our expert service team offers a full range of support, including installation, training, and maintenance. We promptly address any operational issues and provide regular maintenance checks to keep your machinery running smoothly. Our customer service hotline is available for immediate assistance, and we offer comprehensive product manuals and troubleshooting guides. Additionally, we provide spare parts and technical support to minimize downtime and extend the longevity of your equipment. Your satisfaction and success are our top priorities, and we are committed to supporting you throughout the entire lifecycle of your investment.

Model	Output
SHJ-75	300~400kg/h
SHJ-85	400~600kg/h
SHJ-95	600~700kg/h

Product details

FAQ

1:How many years of experience do you have?

Over 15 years experience in extruder industry.

2:Are you traders or manufacturers?What is the area of the factory?

We are manufacturer,The factory is over 5000 square meters.

3:Screw and barrel accessories, who is produced?

Our factory manufactures it ourselves

4:Can I have a sample order for extruder?

Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

5:How to proceed an order for ?

Firstly ,let us know your requirements or application.

Secondly ,We quote according to your requirements or our suggestions.

Thirdly ,customer confirms the samples and places deposit for formal order.

Fourthly, We arrange the production.

Finally, arrange delivery

6: Provide technology and formula?

For orders over a certain amount, we will provide the technology and formula to help you complete the project.

7: Have a catalogue?
