

WPC PVC Profile Extrusion Machine Twin Screw For Door Board / Ceiling Panel

Our Product Introduction

for more products please visit us on extrudergranulator.com

Basic Information

- Place of Origin: Nanjing China
- Brand Name: HLD
- Certification: SGS/ISO9001/CE
- Model Number: Custome
- Minimum Order Quantity: 1/set
- Price: face to face /set
- Packaging Details: Bubble wrap/ Wrap film/ Wooden box
- Delivery Time: 30~45 Days
- Payment Terms: T/T,
- Supply Ability: 200~500 set/year

Product Specification

- Screw Design: Twin Screw
- Screw Diameter: Custome
- L/D: 22:1
- Voltage: Customized
- Warranty: 1 Year
- Heater: Customized
- Final Product: Plastic Sheet
- Color: Customized
- Output: Customized
- Plastic Processed: PE, PP, PVC, WPC, PE/PP
- Application: Semiconductor Machinery Components
- Highlight: **Twin Screw PVC Profile Extrusion Machine, Ceiling Panel Pvc Profile Extruder Machine, Door Board Wpc Profile Extrusion Machine**

Product Description

WPC PVC profile extrusion machine wpc extruder twin screw extruding door board/ceiling panel

Production Overview

The WPC PVC Profile Extrusion Machine is an advanced, high-efficiency system designed for producing a variety of wood-plastic composite (WPC) and polyvinyl chloride (PVC) profiles. This machine utilizes twin-screw extrusion technology to achieve optimal blending and extrusion of WPC materials, making it ideal for manufacturing door boards, ceiling panels, and other profile components. Its robust construction ensures consistent performance and high-quality output, while its precision controls enable the production of profiles with exact dimensions and finishes.

Applications

The WPC PVC Profile Extrusion Machine is a high-efficiency system designed for producing wood-plastic composite (WPC) and polyvinyl chloride (PVC) profiles using twin-screw extrusion technology. It excels in manufacturing door boards, ceiling panels, and other profile components with precision and durability. This versatile machine is ideal for a range of applications, including construction materials, interior design, furniture components, outdoor features, and industrial uses. Its robust construction ensures consistent performance and high-quality output, meeting diverse industry needs effectively.

After-Sales Service

At Nanjing Hengland Machinery Technology Co., Ltd., we are committed to providing exceptional after-sales support to ensure your equipment performs at its best. Our skilled service team delivers a comprehensive range of services, including installation, training, and maintenance. We quickly resolve any operational issues and perform regular maintenance checks to keep your machinery in excellent condition. Our customer service hotline is always available for immediate assistance, and we provide detailed product manuals and troubleshooting guides. Additionally, we offer spare parts and technical support to minimize downtime and extend the lifespan of your equipment. Ensuring your satisfaction and success is our top priority, and we are dedicated to supporting you throughout the entire lifecycle of your investment.

Model	Output
SHJ-75	300~400kg/h
SHJ-85	400~600kg/h
SHJ-95	600~700kg/h

Product details

FAQ

1:How many years of experience do you have?

Over 15 years experience in extruder industry.

2:Are you traders or manufacturers?What is the area of the factory?

We are manufacturer,The factory is over 5000 square meters.

3:Screw and barrel accessories, who is produced?

Our factory manufactures it ourselves

4:Can I have a sample order for extruder?

Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

5:How to proceed an order for ?

Firstly ,let us know your requirements or application.

Secondly ,We quote according to your requirements or our suggestions.

Thirdly ,customer confirms the samples and places deposit for formal order.

Fourthly, We arrange the production.

Finally, arrange delivery

6: Provide technology and formula?

For orders over a certain amount, we will provide the technology and formula to help you complete the project.

7: Have a catalogue?
