

Customized PP Sheet Making Machine 38CrMoALA PP Packing Tape Band Extrusion Line

Our Product Introduction

for more products please visit us on extrudergranulator.com

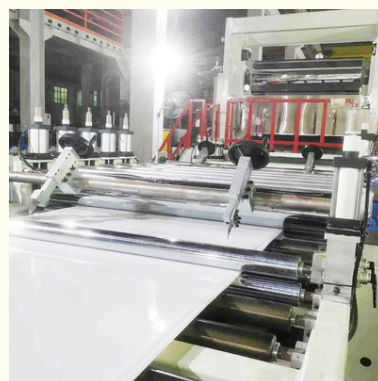

Basic Information

- Place of Origin: Nanjing China
- Brand Name: HLD
- Certification: SGS/ISO9001/CE
- Model Number: Custome
- Minimum Order Quantity: 1/set
- Price: face to face /set
- Packaging Details: Bubble wrap/ Wrap film/ Wooden box
- Delivery Time: 30~45 Days
- Payment Terms: T/T,
- Supply Ability: 200~500 set/year

Product Specification

- Screw Design: Parallel Twin Screw
- Screw Diameter: Custome
- L/D: 29:1
- Voltage: Customized
- Warranty: 1 Year
- Heater: Customized
- Final Product: Plastic Sheet
- Color: Customized
- Output: Customized
- Plastic Processed: PP
- Application: Sheet, Film
- Highlight: Customized PP Sheet Making Machine,
PP Packing Tape Extrusion Line,
38CrMoALA Pp Tape Extrusion Line

Product Description

PP Sheet Making Machine Plastic Extruder 38CrMoALA PP Packing Tape Band Production Line

Production Overview

The PP Sheet Making Machine Plastic Extruder 38CrMoALA PP Packing Tape Band Production Line is a highly efficient and versatile production system designed for manufacturing high-quality PP sheets and packing tapes. Constructed with premium 38CrMoALA alloy steel, the extruder ensures robust performance and longevity. This production line excels in producing PP packing tapes and bands, which are widely used in packaging, shipping, and various industrial applications.

The machine features advanced technology for precise control over the extrusion process, ensuring consistent thickness and high tensile strength of the PP sheets and tapes. With its user-friendly interface and automated operations, it enhances productivity while reducing labor costs. The system's efficient design allows for continuous operation, maximizing output and ensuring superior product quality.

This production line is ideal for businesses looking to expand their product offerings in the packaging industry, providing reliable and high-performance machinery for PP sheet and tape manufacturing.

Applications

The PP Sheet Making Machine Plastic Extruder 38CrMoALA PP Packing Tape Band Production Line is extensively utilized across various industries due to its versatility and high-quality output. It is essential in the packaging industry for producing durable PP packing tapes and bands, in the automotive and construction sectors for manufacturing protective sheets and components, and in consumer goods for secure product packaging. Additionally, it serves agricultural needs for bundling produce and supplies and supports industrial manufacturing with protective coverings and liners. This production line is ideal for businesses aiming to enhance their packaging solutions and cater to diverse sector demands with superior PP products.

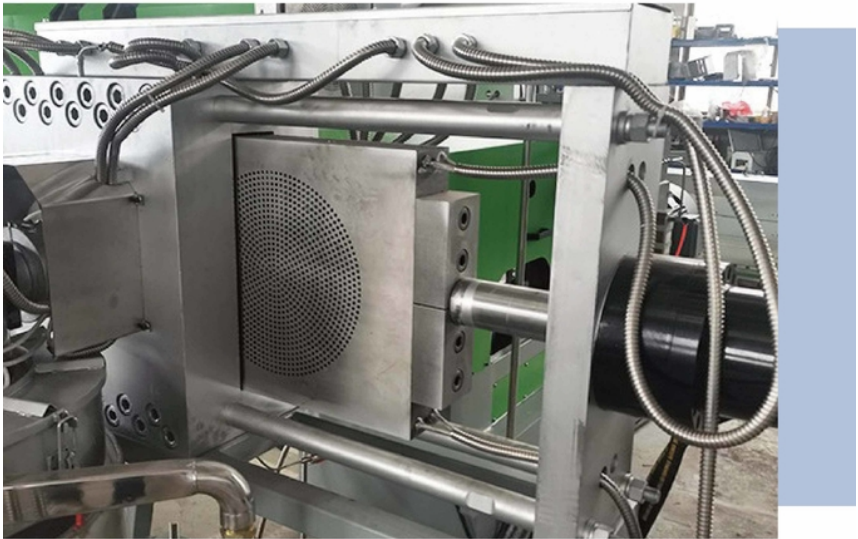

After-Sales Service

We deliver extensive after-sales support to guarantee your extrusion machine operates at peak performance. Our dedicated service team provides expert installation, thorough training, and ongoing maintenance services. We swiftly address any technical issues and conduct regular maintenance to ensure efficient operation of your equipment. For immediate help, our customer service hotline is always accessible, and we provide detailed manuals and troubleshooting guides. Additionally, we supply spare parts and technical assistance to minimize downtime and extend the lifespan of your machinery. Your satisfaction and the seamless operation of your equipment are our top priorities.

Model	Output
SHJ-75	300~400kg/h
SHJ-85	400~600kg/h
SHJ-95	600~700kg/h

Product details

FAQ

1:How many years of experience do you have?

Over 15 years experience in extruder industry.

2:Are you traders or manufacturers?What is the area of the factory?

We are manufacturer,The factory is over 5000 square meters.

3:Screw and barrel accessories, who is produced?

Our factory manufactures it ourselves

4:Can I have a sample order for extruder?

Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

5:How to proceed an order for ?

Firstly ,let us know your requirements or application.

Secondly ,We quote according to your requirements or our suggestions.

Thirdly ,customer confirms the samples and places deposit for formal order.

Fourthly, We arrange the production.

Finally, arrange delivery

6: Provide technology and formula?

For orders over a certain amount, we will provide the technology and formula to help you complete the project.

7: Have a catalogue?
