

36 / 1 And 40 / 1 Machine Extruder Part Twin Screw Compounding Extruder Screw Element In Screw Barrel

Our Product Introduction

for more products please visit us on extrudergranulator.com

Basic Information

- Place of Origin: Nanjing China
- Brand Name: HLD
- Certification: CE/ISO9001
- Model Number: Customized
- Minimum Order Quantity: 1/set
- Price: Negotiable/ pcs
- Packaging Details: Bubble wrap/ Wrap film/ Wooden box
- Delivery Time: 3~7 Days
- Payment Terms: T/T
- Supply Ability: 20000~50000 set/year

Product Specification

- Model: Customized
- Place Of Origin: Nanjing China
- Barrel Shell: 45# Steel Matrix
- Barel Liner: Alloy Sleeve
- Applicable Industries: Manufacturing Plant
- Package: Wooden Case
- Hardness: HRC60-64
- Lead Time: 30 Days
- Application: Plastic Extruder Machine Replacement Parts
- Material: All Plastic Material
- Spare Parts Type: New
- Highlight: alloy extruder accessories, customized extruder accessories, alloy screw and barrel

Product Description

36 / 1 And 40 / 1 Machine Extruder Part Twin Screw Compounding Extruder Screw Element In Screw Barrel

Product Description

The 36/1 and 40/1 twin screw compounding extruder parts are specifically designed for plastic and polymer processing. The package includes screw elements and screw barrels, ensuring thorough mixing and dispersion of materials during extrusion. The precisely manufactured screw elements enhance extrusion efficiency, ensuring consistent material flow and processing quality.

Product Features:

- Efficient Compounding:** Optimized screw element design ensures uniform mixing and efficient processing.
 - Wear Resistance:** Made from high-quality materials, extending the service life and reducing downtime for maintenance.
 - High Precision Manufacturing:** The screw and barrel are manufactured with high precision, ensuring stable material flow.
 - Modular Design:** Screw elements are easily interchangeable, adapting to different material processing needs.
 - Energy Optimization:** Energy-efficient design reduces power consumption during the extrusion process.
- Application Fields:**

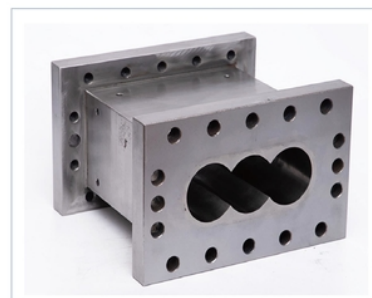

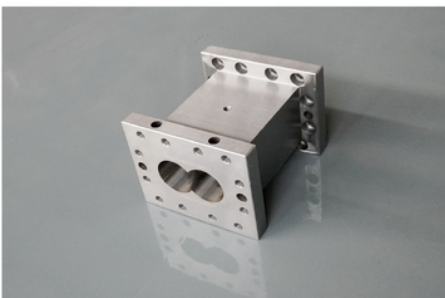

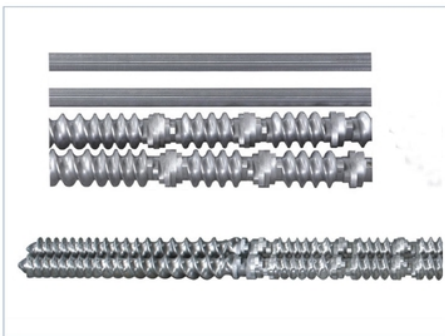

Widely used in the plastics, rubber, and chemical industries, it is suitable for the mixing, filling, reinforcement, and modification of various polymer materials, especially for high-performance material production that requires fine compounding.

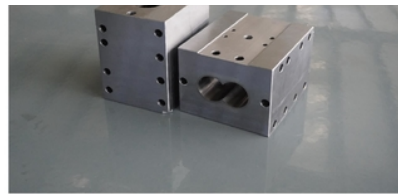

After-Sales Service:

We provide comprehensive after-sales support, including equipment installation, operation training, technical guidance, and spare parts supply, ensuring efficient and stable operation of the equipment with long-term technical support.

Model	L/D	Screw national standard diameter
H-20B	28~60 :1	21.7mm
H-35B	28~60 :1	35.6mm
H-50B	28~60 :1	51mm
H-65B	28~60 :1	62.4mm
H-75B	28~60 :1	71.5mm

Product details

FAQ

1:How many years of experience do you have?

Over 15 years experience in extruder industry.

2:Are you traders or manufacturers?What is the area of the factory?

We are manufacturer,The factory is over 5000 square meters.

3:Screw and barrel accessories, who is produced?

Our factory manufactures it ourselves

4:Can I have a sample order for extruder?

Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

5:How to proceed an order for ?

Firstly ,let us know your requirements or application.

Secondly ,We quote according to your requirements or our suggestions.

Thirdly ,customer confirms the samples and places deposit for formal order.

Fourthly, We arrange the production.

Finally, arrange delivery

6: Provide technology and formula?

For orders over a certain amount, we will provide the technology and formula to help you complete the project.

7: Have a catalogue?
