Product Description

High Efficiency Single Screw Recycling Pelletizing Machine for PP PE ABS Materials Durable and Energy Saving Design

Product Description

Our advanced sheet extrusion machine is designed for high-performance production of plastic sheets. Key features include:

- Precision extrusion for consistent thickness and quality
- Energy-saving technology reduces power consumption by 15%
- Suitable for PVC, PP, PS, and other thermoplastic materials
- Robust construction ensures long-term durability
- Easy-to-operate control system for seamless production

Application Fields

- Packaging industry for plastic sheet production
- Automotive and construction material manufacturing
- Food-grade plastic sheet production
- Industrial plastic sheet processing

After-Sales Service

- 12-month comprehensive warranty
- Free technical support and troubleshooting
- On-site installation and operator training
- Prompt spare parts supply and maintenance services
- 24/7 customer service hotline
